By buying back this Sacred Land,  
it can now be protected...  
The Mamos have placed their  
hearts and lives in repeated  
jeopardy, to do what they know  
is right. Mother Earth is their  
LOVE.

Dear Global-Hearted Friends,

The Non-profit Global Healing Foundation is offering a concert for a very important purpose. Our Mother Earth is in great need of our care, protection and blessings.

The Mamos of Colombia, South America, are dedicated to this vital purpose. That is why they consider all land and wildlife as sacred and needing to be allowed to remain untouched and intact. The land of the Sierra Nevada in Colombia is called the "**Heart of the World**". It used to belong to the Indigenous peoples before the Spaniards came.

Now, the only way that the Mamos can save it is by buying it back...

There is a land of 80 hectares, which is 197,684 acres, that the Mamos (in the four tribes of the Kogui, the Wiwa, the Arhuco, and the Kankuamo) discovered they needed to protect **ASAP** from being turned into a coal mine. As witnesses to this potential desecration, they needed help. We of the Global Healing Foundation poured White Light on them and the next day *a miracle happened*. The landowner had a change of heart and agreed to sell the sacred land to them and to no one else.

And so, we of the Global Healing Foundation wired the first payment to their non-profit Fundacion Social Gunnekun in May (2020) and then a second payment in August. Now, we need to raise \$8000 for the third and last payment. All monies raised will go directly towards this final payment and to permanently secure the land. Our concert will be held on Zoom and we hope that you can join with us.

Founder of the Global Healing Foundation, Jacques Tombazian, had an awareness of our world's needs far beyond those in our times. All who knew him, loved him.

In memory and honor of his amazing visionary awareness and eternal healing gifts, we cherish his everlasting hope for our planet. In his own words, he created the Global Healing Foundation with the following ideals:
